About Us

Clean2Clean is a certified, woman-owned leader in commercial cleaning and janitorial services, proudly serving both government and private sector clients. We help businesses, institutions, and public facilities operate in clean, safe, and healthy environments—with a strong commitment to sustainability and service excellence.

Clean2Clean is also a trusted supplier of janitorial and maintenance products for building management companies, schools, nursing homes, and hotels.

Our catalog includes: Garbage bags, cans, rags, mops, and cleaning chemicals Certified green cleaning solutions Ice melt products for winter safety Select plumbing and facility maintenance supplies

Our Commitment to Sustainability We invest in eco-certified equipment and cleaning agents to help clients reduce their environmental impact without sacrificing performance. Whether you're a government agency or private facility, Clean2Clean empowers you to make responsible, effective, and eco-friendly choices.

Our mission

Clean2Clean redefines cleanliness in New York City through innovative, sustainable solutions in post-construction and janitorial cleaning services. As a certified WBE, SBE, and DBE, we embrace minimalism in our approach to cleaning excellence. Our core philosophy elevates cleanliness to an art form, prioritizing safety, ethics, and environmental responsibility.

CORE CAPABILITIES

- Government & Commercial Cleaning: Offices, public buildings, industrial sites, and retail spaces
- Post-Construction Cleanup: Final-phase cleaning to prepare new or renovated spaces for immediate use
- Healthcare & Wellness Cleaning: Medical centers, urgent care clinics, nursing homes, and salons
- Sanitation & Disinfection: Restroom deodorizing, surface disinfection, and full washroom sanitation
- Facility Maintenance: Ongoing janitorial and custodial services tailored to client needs
- Window & Surface Cleaning: Interior glass and high-touch surface cleaning for a polished finish
- Janitorial & Facility Supply Distribution

DIFFERENTIATORS
